of healthy living

Vitality

**We're
offering up
to 45% broker
commission.**

Its easy for eligible group Leavers to continue cover with VitalityHealth.

Plus we're now offering up to **45% broker commission.**

Here's how ...

If your client is leaving a company healthcare scheme, it's easy for them to continue cover with VitalityHealth on a personal plan. There are two levels of commission available based on the risk profile of your client.

How does it work:

Eligible group leavers previously insured under a VitalityHealth group plan may continue to benefit from continuation of underwriting terms providing you request a continuation quote within at least 30 days of their leave date.

All you need to do is contact the Group Leaver Team with the below information and they will be able to confirm if your client is eligible for a continuation and provide any quotations you require.

All other group leaver criteria, terms and conditions remain unchanged.

What information will we need from you?

Confirmation of the leave date of your client, this will need to be within 30 days of your enquiry.

Any specific cover requirements that your client may have.

We also need to know if in the last three years your client has:

- experienced symptoms;
- received any advice from a healthcare professional;
- received treatment or has treatment planned or expected for any condition?

If your client answers no to the question above, we will pay you 45% year one commission.

If your client answers yes to the question above and/or further underwriting is applied, we will pay you 5% commission.

What do I have to do?

All you need to do is call us on **0161 216 6722** with the above details and the Group Leaver Team will be able to provide you with a quotation.

Alternatively you can email on **group_leavers@vitality.co.uk**
